****

O R D E R:

In the reference 2nd read above, M/s SIRI ICE LINKS Expansion-1, Narasapuram has applied seeking permission to draw water of 20.00 KLD for 300 days in a year for a period of Five (05) years from Narasapuram main canal for Industrial water requirement, in Single Desk Portal of Industries Department.

2. In the reference 3rd read above, the Engineer-in-Chief (Irrigation), Water Resources Department recommended to the Government for allocation of 20.00 KLD of water to M/s "SIRI ICE LINKS Expansion-1, Narasapuram" West Godavari District for 300 days in a year for a period of Five (05) years from Narasapuram main canal for Industrial water requirement, subject to the following terms and conditions:

1. The water can be spared based on the availability of water in the Narasapuram Main Canal.
2. The water drawn from the canal should be utilized for the purpose for which permission is granted. Any misuse on this account shall entail cancellation of the permission without any notice and liable for imposition of penalty.
3. The industry should make its own storage arrangements during summer period i.e. during non supply of water to the canal.
4. The industry must strengthen the canal margin on either side of

Contd.P2

the proposed pump house off take point to avoid erosion of bank and to protect the existing canal margins as directed by the Department.

5. The firm should not create any objection for the Improvements / Modernization works to the said canal in future and they have to relocate the pump/off take point if necessary, with their own cost.
6. The Industry shall obtain the prior concurrence from concerned departments for laying of pipe lines and crossings etc., where ever necessary.
7. No field bodhi or pipeline shall be taken through or along with Government land without approval from the Government and if permission accorded by the Government, the lease amount should be paid as fixed by the Government only.
8. The Industry must acquire the private land for installation of pumping arrangements at their own cost. If the Industry proposes to utilize the Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the Industry.
9. The Industry has to construct CC Walls to avoid leakage at pipeline crossings at their own cost.
10. A storage tank with sufficient capacity shall be constructed in their land at their own cost to meet the demand during the non-supply period of canal water.
11. The entire cost of construction of pump house, pipelines etc., should be borne by the industry only.
12. The permission does not confer any riparian rights to the Industry.
13. The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner.
14. The industry has to pay one-year water charges as advance and any amount due to the Department before entering into agreement.
15. The firm should pay security deposit at 5% on water charges for which permission is granted.
16. The firm should pay water royalty charges as per Government Memo No.2772 dt.30.09.2015 at the rate of Rs.5.50/- per 1000 gallons or at the revised rates fixed by the Government from time to time. In case of failure to pay water Charges/Royalty, the permissions to draw water shall stand cancelled.
17. The Industry has to pay water charges for the estimated quantity in advance at the start of the Financial year i.e., before 10th April of every year as per BSO.
18. The Industry has to conclude the agreement with the officers concerned of the Water Resources Department.
19. The industry should abide by any other conditions laid by the Department at later date.

Contd.P3

20. The point of drawl should be as fixed by the Department.
21. The industry shall obtain approval for the designs and drawings of the pump house and pipelines from the concerned department, and the approved designs and drawings shall be submitted to this office.
22. A detailed plan showing the location of Intake arrangements, pump house, alignment of pipe line and conveyance system should be furnished to the Department for approval.
23. The utilization calculated per day fixed by the Department should not exceed under any circumstances.
24. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
25. The Department is no way responsible for any damages that may occur to the off-take point and pump house during floods.
26. The Department is not responsible for any dispute that arises with neighboring industries and public and any legal matters.
27. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
28. The firm has to produce the relevant records for departmental verification at the end of each quarter periodically.
29. Water meters and measuring devices should be installed at the pump house by the industry at their own cost to measure the water consumed and should be made available to the department authorities at all times for inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
30. The Industry should make their own arrangements to dispose the treated effluents as per norms of AP Pollution control board in their premises only and should obtain prior permission if any needed from the Government to dispose treated effluents in the natural resources. Necessary clearance from the AP Pollution control board is to be obtained in this regard by the firm before drawl of water from source.
31. The Industry should follow the Revenue Board standing orders (BSO).
32. The annual requirement of Water can be spared from Narasapuram main canal. No more drawl shall be permitted, priority shall be given to Drinking water & Irrigation, when the canal receives lean flows.
33. The concerned Executive Engineer will be responsible for enforcing the conditions.
34. Permission is valid for 5 years from the date of approval. The agency has to apply for renewal, if necessary, before expiry of permission.
35. Non-Adherence to any of the above conditions by the industry will entail cancellation of the permission.
